TRIBUNE'S BIG, FREE COOKING SCHOOL ENDS TODAY

Cooking School Closes Friday

Kitchen Expert Holds Interest of Huge Crowd Daily

Today marks the close of the Tribune's big annual free cooking school which went into its third highly successful day today.

The cooking classes are being held in the McKinley School auditorium with Miss Hester Heath, noted home economist, in charge. The time is 2 p. m., with the doors opening at 1:30.

English pork pie, sweet potato biscuits, pineapple almond torte, pineapple filling, macaroni ring, egg sauce, cranberry and orange salad and bridge luncheon sandwiches are interesting items on today's final menu.

Electric Rate On Extras Cut In Half Today

Utility Offers Benefit To Consumer Under New Schedule

Reduction of one-half the regular rate for all extra electricity used by domestic and commercial lighting consumers was announced today by P. M. Downing, vice president and general manager of the Pacific Gas and Electric Company, as a further step in the company's active co-operation in promoting home modernization under the Federal Housing Act.

The new rate, which goes into effect following December meter readings, and applies to the entire P. G. & E. system, will be in operation for one year.

Under it, bills are to be computed at existing rates, but any amount by which the bill of any one month exceeds the bill of the corresponding month of the preceeding year is to be discounted 50 per cent, provided the customer still occupies the same premises.

Illustrates Reduction

Downing illustrates the operation of the rate with the hypothetical customer who in January last had an electric bill of $3. Since that time he has installed in his home an electric refrigerator, a radio, a vacuum cleaner, or perhaps other appliances, using enough additional kilowatt hours to increase his bill at regular rates to $6 for January, 1935. But under the new bargain rate all additional use will be served at one-half the regular price.

The customer will get it for $1.50, and his total bill will be $4.50 instead of $6.

"We have at present a large volume of surplus power," said Downing, discussing this newest move in rate reduction. "We want to dispose of it on a basis that will be simultaneously advantageous to the consumer and equitable to the company. The new rate offers this surplus power to the consumer at an unprecedentedly low cost, provided it is used for additional service.

"Thousands of customers have economized on their use of electricity during the past two or three years, to keep their bills at a minimum. This new offer should do away with the necessity for skimping and permit every customer to use all the electricity he wants."

Borden Frolic Numbers Listed

Master of ceremonies, Ed Fitzgerald, promises real entertainment tonight at 7:30 on the Borden Friday Frolic, broadcast over the Columbia Don Lee network. Claude Sweeten, popular baton waver, has had his boys working for weeks on a new number—"Indian Moods"—written by himself and heard tonight for the first time.

Helene Hughes and George Nickson sing the romantic smash hit from Roberta, "The Touch of Your Hand." Murray of Murray and Harris, has a novelty number. The Nonesuch singers bring "In Old New York" and supply a delightful harmony background for Ron Graham ,singing "Let Me Be Born Again."

Is Sinclair Sincere?

The question, "Is Sinclair Sincere," places the Democratic candidate for governor in the general election on November 6th, inn a very dangerous dilemma. The answer to this question will determine whether or not Upton Sinclair and his Bird of Paradise truly represent a candidacy upon which the people of the state of California can firmly rest their hopes for future success and happiness.

The answer to this question will also determine whether or not Upton Sinclair is a dangerous upstart intruding upon the citizenry of this state with no legal, moral or traditional claim for the occupancy of the highest executive position that this state can offer to any representative man.

The aforementioned dilemma resolves itself to this: if Mr. Sinclair is sincere in the claims which he has made and is now making through the medium of his Epic plan, then he and his Communistic friends are inherently dangerous to the state and to the law abiding citizens residing in the state. If Mr. Sinclair is sincere his plans and his claims will form a foundation for the most decisive overthrow of good government in the history of the United States and perhaps, set a new peak for a bloodless political revolution.

If Mr. Sinclair is sincere the effects of his prejudice will cause an anti-religious rampage which will be as boundless as his own altruistic ambitions.

If, on the other hand, Upton Sinclair is not sincere and the only claim upon which his Epic plan is based is that which is motivated by an unquenchable thirst and unextinguishable lust for power, then the people of this state will not only be justified but duty bound to rise in righteous anger and thrust Mr. Sinclair back to the red ranks from which he sprung.

If Mr. Sinclair is not sincere, then he is foisting upon this state a plan which is, and which he must know to be, unworkable in its nature and impossible in its execution. He is attempting to place upon the shoulders of that great middle class representative of home owners, a burden through the medium of taxes which will be far too great to bear and all for one purpose, to give expression to his own, and Communism's, pet peeve—overburden those who have, in order that those who have not, may have.

In light of this insincerity, Mr. Sinclair's greed for power should be frowned upon by every loyal and right thinking inhabitant of this gloriously situated state. The golden rays of the California sun could not fall upon a country governed by a man who believes, and wishes others to believe, that those self same rays are not the product of a Divine creation.

Mr. Sinclair is a breaker of traditions, a destroyer of those emotional principles which have that great force at times to move men to meritorious actions. The state of California has many traditions and will have those traditions throughout the many years to come.

From that first glorious moment when the soft treading padres first beheld, from a high promontory, the fertile plains and scenic magnificence of California down to this present moment and period of depression through which this same state is passing, the greatest tradition the people of this state have embraced has been that of respect for religion and the ideals for which it stands. That tradition at this time is strengthened by a glance toward the past—the very foundation of this state being rested on the successful efforts of the Spanish missionaries of God.

Mr. Sinclair's disregard of this tradition will fling him into inglorous defeat on November 6th.

S. M. Man Safe Aboard Tanker

Battered Ship Heads Under Own Power Toward Guam

A San Mateo county resident, H. B. Lane, 27, of Lomita Park, is among the members of the crew of the typhoon-battered tanker Larry Doheny which was reported today to be making her way slowly under her own power to Guam for inspection and temporary repairs after apparently being doomed to sink yesterday.

Lane is third assistant engineer of the vessel.

Messages direct from the ship to Radiomarine Corporation brought word of the safety of the ship and its crew of 41 after harrowing experiences with a terrific storm.

The winds carried part of the bridge away, made the steering gear useless and disabled the steam and electric generating plants. For a time it was feared the tanker would sink and carry all aboard to their deaths, for rescue ships, answering the SOS flashed yesterday morning, were more than a day's distance away when help was asked.

En route the Larry Doheny probably will meet the U. S. S. Goldstar, closest of the rescue ships but still 200 miles away when communication with the tanker was re-established. The Goldstar is expected to escort the disabled ship to Guam.

Goes to Jail Over Her Dogs

Mrs. William Germain Is Found Guilty Of Infraction

Accused of violating an ordinance forbidding the keeping of more than two dogs on her premises at Menlo Park, Mrs. William Germain was found guilty this afternoon in the court of Justice of the Peace Edward McAuliffe.

Sentence of five days or payment of a $25 fine was imposed. Mrs. Germain chose jail but secured her immediate release on a writ of habeas corpus signed by Superior Judge Maxwell McNutt.

Norman Menifee, attorney for Mrs. Germain, announced that a test would be made of the ordinance. Menifee stipulated to the fact that Mrs. Germain was keeping more than two dogs at her place, but questions the constitutionality of the ordinance.

Frank Eaton, 98, Is Buried Today

Funeral services were held this afternoon at 3:30 for Frank J. Eaton, who passed away Monday at his home on San Carlos avenue near Selby lane at the age of 98 years. Interment in Union Cemetery followed graveside rites.

He was the husband of the late Minnie Eaton and brother of Henry Eaton, with whom he lived in San Carlos avenue, and of Mrs. Kitty Burroughs of Michigan.

Funeral arrangements were in charge of the George W. Sneider Co. of San Mateo.

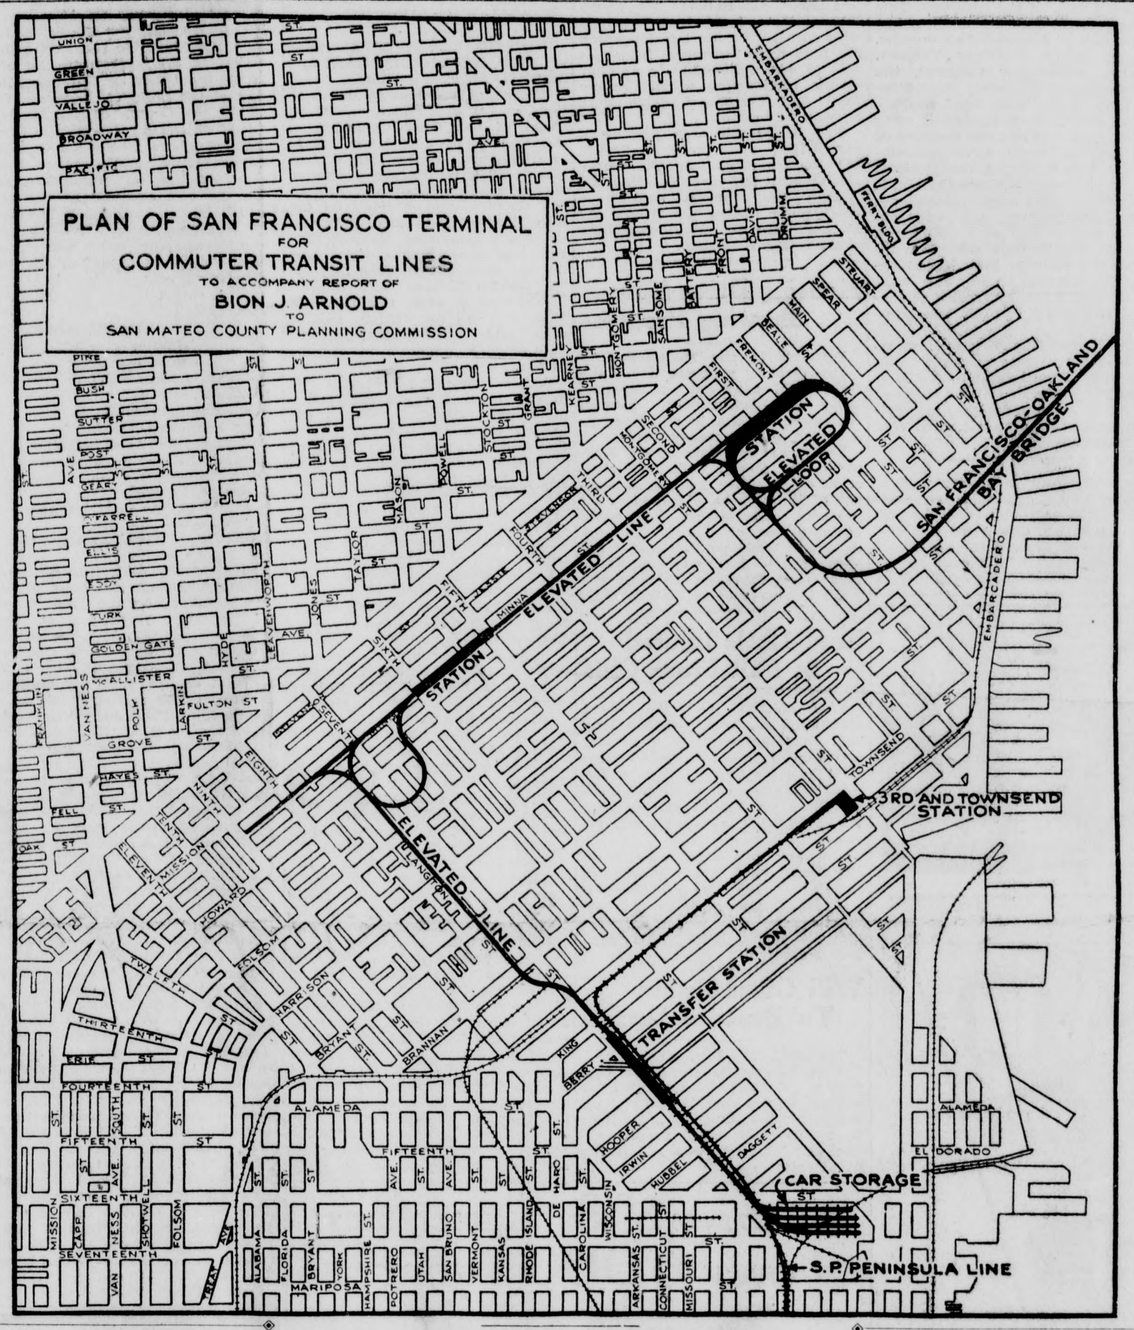
Arnold Plan For Handling Peninsula Traffic



O'Keefe Meets With Success Forming Clubs

D. E. O'Keefe, wh is organizing the county into clubs for Governor Merriam for election in November, is meeting with overwhelming success.

More than 500 voters have signed the club rolls. There has been a quick response to the call to organize for the governor.

By the end of the week clubs will be established in every town of the peninsula.

A one-passenger, one-horsepower midget car, capable of running between a horse's legs, has been built in England and is to be put on the market on a commercial scale.

L. A. 'ANNEXES' FLOWER GARDENS OF REDWOOD CITY

Los Angeles today came out with the claim that the famous Redwood City chrysanthemum gardens, from which New Orleans and other centers secure their choice blooms each year, are located in Southern California.

In the November issue of a national magazine, Los Angeles devotes one of the 40 pages of illustrations to its famous chrysanthemum gardens.

The picture was taken at the Watanabe gardens south of Five Points several years ago and has been extensviely used by Roscoe D. Wyatt, director of publicity for San Mateo county. It pictures Emily Blanchard and Kathleen Benson, two Sequoia girls. Wyatt is writing a letter to the magazine pointing out the false claim.

TIE-IN OF STEAM LINES WITH ELECTRIC MAPPED

Illustrating how commuters will reach downtown San Francisco from the peninsula and eastbay lines, a drawing of the proposed plan for handling the transit needs of the bay area as outlined by Bion J. Arnold, Chicago traffic expert, was made public today by the San Mateo County Planning Commission.

Arnold recently made public the details of the plan, which then was illustrated by Ronald Campbell, San Mateo county planning technician.

Beginning from a station on Minna street at Fremont and First streets, San Francisco, Arnold would run a two-track, elevated line up Minna street to an uptown station at Fifth and Sixth streets.

The double track then would be continued to beyond Eighth street where would be located a stub terminal for switching trains.

This stub, Arnold points out, would eventually connect with rapid transit trains coming through the Twin Peaks tunnel and to such elevated tracks as may eventually be found necessary through the congested district to utilize the old Southern Pacific right of way through Bernal cut and down the peninsula and certain other lines that may come in from the Mission district.

In addition to this stub, Arnold would provide a loop as shown centering on Seventh and Minna streets on an elevated structure carrying two tracks south from Minna street on Russ street or some street parallel with it to a point midway between Howard and Folsom streets, where it would connect with an elevated structure on Langton street.

The Langton street elevated then would extend south and connect with the north and south tracks of the Southern Pacific at Seventh street. Here a track leading to storage tracks on the Southern Pacific property south and east of Townsend street would be run.

Continuing, Arnold would locate a suitable station in the vicinity of Minna and Seventh streets, so arranged that trains coming from the eastbay could stub-end and switch back just east of Eighth street or curve south and continue on south to the Southern Pacific suburban tracks at Seventh and Townsend streets.

Here roofed platforms would be provided at grade so that suburban passengers coming in or going out on the Southern Pacific steam trains could easily transfer to the electrically operated terminal trains arriving and departing on the Seventh street tracks.

If and when the Southern Pacific should electrify its peninsula service, the terminal will be ready and the same cars that are then in operation on the elevated structure could be sent south over the Southern Pacific tracks and east over the bridge to the tracks of the Key System and Southern Pacific in the eastbay cities.

Arnold's plan calls for storage of cars at Seventh and Townsend as well as on the eastbay end so that ample cars for peak loads will always be on hand without necessity of running light.

Ada Gill Galeener, of Los Angeles, collected the skins of rattlesnakes, lizards, and water moccasins while she was a little girl in Texas. Now she has made several unique garments from the skins.

Dr. Morrison Asks Security For Appointee

Kellogg Asked to Give Promise Against Removal

With Dr. Frederick Eberson of San Francisco, new appointee to the superintendency of the county-owned Community Hospital, failing to qualify, Dr. A. L. Offield remained in the post today.

Dr. Eberson came to Redwood City late yesterday in the company of Dr. Harold M. Morrison, San Mateo county health director, visited the county clerk's office where the oath would be filed, and departed without doing so.

Requests Security

County Executive Walter Kellogg reported today that Dr. Morrison had asked that he give a promise that Dr. Eberson could remain in the superintendency post at least until January 7.

Kellogg said he could not give such a promise and pointed out that Dr. Morrison was the one who hired and fired the hospital superintendent.

In some circles this request for Kellogg's pledge not to disturb Dr. Eberson was seen as a "feeler" as to possible action by Kellogg against Dr. Morrison.

Kellogg announced today that he had not completed his investigation into the hospital situation and therefore could not say whether Dr. Morrison had met the deadline yesterday in straightening out conditions.

Kellogg Scores Scott

The county executive declared a "peculiar situation" existed between himself and District Attorney Edmund Scott over the latter's refusal to give him legal advise in disputes centering on Dr. Morrison.

Kellogg said he had not taken Scott's advice urging him to sign the ouster against Dr. Morrison because Scott had "ill-advised" the board on the previous removal attempts.

The executive deplored the fact that Scott had given an opinion to Controller Edward Stack regarding the status of Dr. Offield, but had not sent him a copy.

He pointed to the fact that Scott refused to give legal advice as why it has been necessary for him to go on the outside and consult his own attorney.

Dr. Morrison Here

Dr. Morrison conferred with Kellogg for an hour today, going over the program proposed by the health director for conduct of the Community Hospital.

Kellogg declared himself in favor of breaking the control by a small group of physicians on the county hospital, and urged that it be opened to all qualified practioners. This is in keeping with Dr. Morrison's proposals.

Much of the dispute in the health circles has assertedly been over the fact that the hospital is closed to the majority of medical society members.

S. F. Word Awaited In Kidnaping Case

While San Francisco favors the prosecution here of three youths involved in the recent kidnaping of Wesley Strong of Daly City, definite decision by San Francisco authorities was being awaited in Redwood City today before Deputy District Attorney Harold Anderson proceeds with the case.

Anderson reports he is ready to bring the youths to trial in San Mateo county, and that action will be taken tomorow.

MENLO PARK NEWS

There was a big meeting of the non-partisan league in the public school auditorium last evening. Upton Sinclair's views on religion were discussed very clearly by Allen W. Ward, noted Burlingame speaker. James T. O'Keefe presided. George Walsh, formerly a member of the county Democratic committee, was in charge of the meeting. Sinclair was scored for his religious intolerance. It was predicted that Merriam would carry the state in the Novemebr election by an overwhelming plurality.

Republican headquarters have been established in the bank block. Literature is being distributed there by attendants who remain until late in the evening. Hundreds visit the place anxious to learn news of the campaign. It is quite certain that Merriam will carry the county by a two to one vote.

The grounds surrounding the Church of the Nativity are being improved. The hedge on both sides of the driveway has been trimmed to the ground. A new lawn is to be planted in a space opposite the parochial residence while shrubbery will fill the vacant plot in front of the church edifice. Many years ago the grounds of the church were the most attractive of any in this section. Father McKeon proposes to restore them to their former beauty.

The marriage of a beautiful young lady of Menlo Park and a San Francisco man is on the tapis for next month. The marriage of the young couple will be a society event for November.

The lectures given every meeting of Menlo Parlor N. S .G. W. on the early history of California by Father McKeon are interesting and attract a full membership to the parlor. Father McKeon is one of the best posted men in the state in the history of California.

Miss Leona Ross of Tacoma, Wash., visited her relatives, the Lindquists, this week. She is returning to her home next week.

Isabelle Weeden Lindquist sang a group of songs at the meeting of the Defense League at Sequoia Hotel, Redwood City, Monday night. Attorney George Whitworth, who is secretary of the organization, conducted the meeting, due to the absence of the chairman, James B. Howell, who is in Washington attending to business. Miss Meta Kugeler and Miss Sarah Fry and D. E. O'Keefe of Menlo Park also attended. About seventy people were present.

The Young Republicans have secured headquarters in the old city hall and a representative for Merriam for governor will be there at all times. Anyone desiring information or literature is asked to contact headquarters.

Bourbon Merriam Club Is Organized

Judge Walter M. Bird, president of the Democratic Confederation of California, today completed the organization of the Redwood City Merriam-Hatfield Democratic Club. The organization was made under the auspices of the Merriam Democratic Club, 2043 Palace Hotel, San Francisco, of which Major J. Pendelton Wilson is general chairman and Matt I. Sullivan executive chairman.

Officers in the new organization, as announced by Judge Bird, are Jerome F. Macdonald, member of the Democratic state central committee, chairman, Edward T. Harrison, vice chairman, Omar E. Doyle, member of the Democratic county central committee, secretary-treasurer.

Motorcycle Driver Hurt in Collision

Wendall C. Bahler, 289 South 10th street, San Jose, escaped with injuries to his left leg when his motorcycle caromed from the side of one automobile to another at the intersection of El Camino Real and Claremont drive here Sunday afternoon.

The motorcycle was passing a car driven by Arnold J. Smith, 303 Spruce street, as the latter attempted a left turn, and Bahler's vehicle was thrown against a southbound automobile driven by Herman Martins, 715 Buena Vista avenue, San Francisco.

Housing Drive Now Showing Progress

Progress in the Redwood City better housing program under the National Housing Act was reported today by Henry Witte, general chairman, as the local campaign extended into its second week.

Volunteer solicitors from Redwood City service clubs and civic organizations are making a survey of the city to determine what property improvements are being contemplated as a result of the loan plan made possible under the housing act. A general report is sent from Redwood City to the district headquarters each Friday.

Boy, 12, Is Injured In Fall From Cliff

SAN MATEO, Oct. 22—Robert McCarthy, 12, 1447 Alvarado avenue, Burlingame, is in a critical condition at Mills Memorial Hospital here as the result of a fall from the top of a 25-foot cliff yesterday on the Crystal Springs road. Physicians say he will recover.

The boy was with a party of Boy Scouts and was exploring in the Casey quarry, west of San Mateo. His fellow scouts carried him to the road and passers-by took him to the hospital. His skull was fractured.

Remarkable Formula Helps To Prevent Colds—Samples Free at Local Drug Stores

Tested in Clinics by Practicing Physicians, and Proved in Everyday Home Use, Vicks Va-tro-nol Helps Millions in Avoiding Many Colds

FREE TRIAL PACKAGE

Also Contains Other Medications Used in Vicks Plan for Better Colds-Control

FOLDER EXPLAINS PLAN

Every family in Redwood City interested in having fewer colds has a chance now to get acquainted with the unique aid in preventing colds—Vicks Va-tro-nol.

Va-tro-nol is especially designed for the nose and throat—where most colds start. It aids and stimulates the functions provided by Nature—in the nose—to prevent colds, and to throw off colds in their early stages.

Va-tro-nol is easily and convenient to use—any time or place—at home or at work. Just a few drops up each nostril—at the first sign of discomfort in the nose—irritation or dryness, sniffle or sneeze. Used in time, it helps to avoid many a cold entirely.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol penetrates deep into the nasal passages — reduces swollen membranes—clears away clogging mucus—brings comforting relief.

Va-tro-nol's remarkable effectiveness has been proved in thousands of clinical tests supervised by practicing physicians. Equal effectiveness is shown in its everyday home use—aiding millions to greater freedom from colds.

(Note—for your protection: The remarkable success of Vicks Drops—for nose and throat—has brought scores of would-be imitators. Don't confuse Vicks real medication with mere "oil drops." The trade-mark name "Va-tro-nol" is your protection in getting the original and exclusive Vicks formula. Always ask for Vicks Va-tro-nol. It is available now in two generous sizes—30c and 50c.)

Get Your Trial Samples Now

Your druggist has a limited supply of de luxe combination sample packages. These contain trial samples not only of Va-tro-nol, but of Vicks VapoRub (famous external **treatment** for colds) and other aids to better **Control** of Colds. Also, a modern, practical guide to mothers to help your family to have fewer, shorter and milder colds this winter. All yours for the asking—at the nearest druggist's. Or—if his supply is exhausted—send for your package direct to Vicks, 2054 Milton St., Greensboro, N. C., enclosing 3c in stamps to cover mailing.
